## Step 1 — Plastic Case

- Remove the SIM card, that is located on top of the Jetpack.

## Step 2

- With the device on its back and the label facing you, remove the rubber screw cover on the top left corner of the device.
- Under the rubber circle, remove the 1.25 mm screw using a Philips #00 screwdriver.

## Step 3

- Remove three 1.25 mm screws.

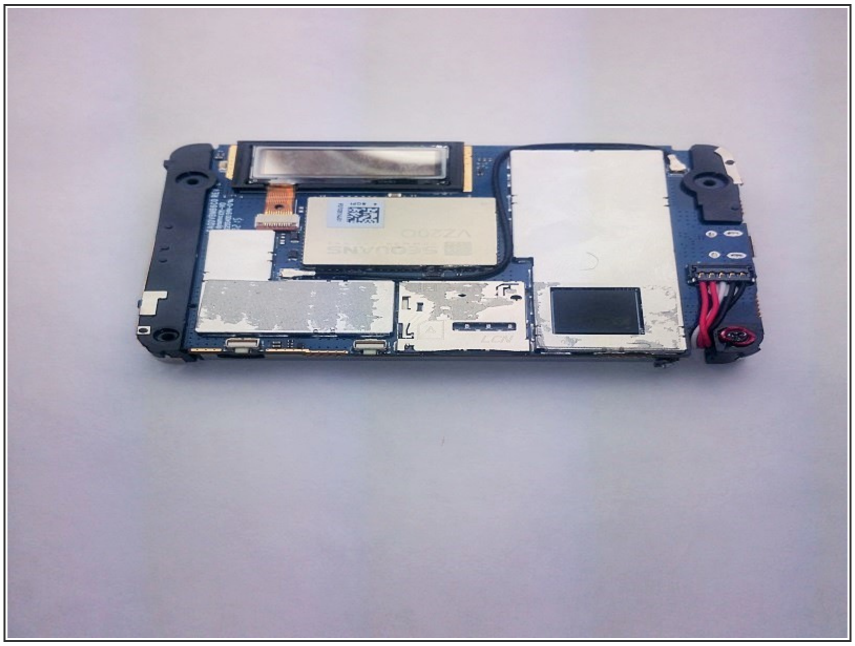

## Step 4

- Use a plastic opening tool at the seams and pry open the case.
